# color pop

Who loves color? We do! As a group of artists, designers and home decor addicts, we love how color can change everything. Need a mood boost? Color can do that! That's why we're so excited to see bright shades of tangerine, sunny yellows, aqua, pinks and deep blues brightening our collections and your products.

# we love color

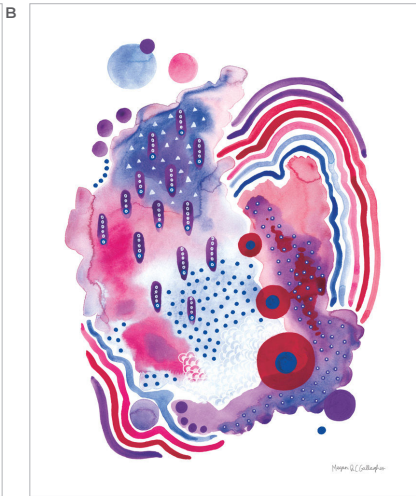

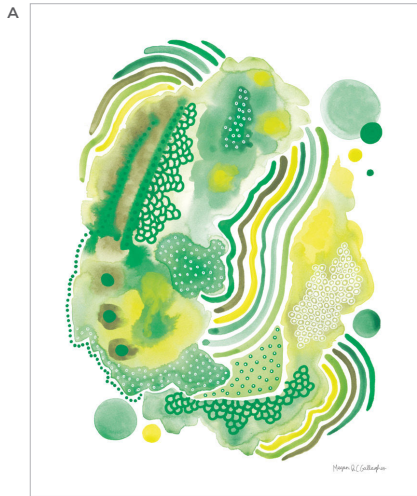

Over the past year we've seen color begin to take center stage in the home. Designers and artists are experimenting with bright and energetic color stories to add impact to walls and products for the home. This April we have curated collections of some of our favorite new collections that showcase updated color crushes inspired by current trends in fashion and the home.

# soft & pretty

Adding color doesn't always mean going bright. Soft and pretty shades of lavender, dusty pinks and pretty blues look amazing mixed with neutrals. These color stories help to create a peaceful and relaxing space where we can go to rest and recharge.

# purple passion

Purple is on the rise in every tone from Pantone's color of the year, Very Peri and light lavender to dusty shades and deeper royal hues. Fashion houses including PatBO, Coach, Prabal Gurung, all included purple in their Spring 2022 Fashion week debuts. Look for this color to be on the consumers mind as they shop for new wall decor this summer and fall.

Mercedes Lopez Charro lives on the beautiful Mediterranean coast of Spain where palm trees grow, vintage cars are seen daily on the school run and the streets are dotted with high-end boutiques. Sketching and doodling for as long as she can remember, her doodles have now become refined illustrations, sold as prints around the world. Trained as a graphic designer, Mercedes uses watercolor and pen and ink to create her colorful illustrations. When she is not drawing or painting, she can be found enjoying life with her English husband, and son Ollie.

Omar Escalante's art style is influenced by pop art and Art Deco style. "I like to tell stories through my illustrations," he says "Especially when I travel, I like to look for the feeling of places and show it through my work." When he began to create artwork based on vintage travel posters, the theme became his passion. In 2017 he won a travel poster contest promoting travel to Finland, where he lives with family. Omar grew up in Guatemala and has lived in Finland since 2007. His multicultural family (where five different languages might be spoken on any given day) also inspires and influences him in making his art.

*Katrina Pete's artwork is a collection of inspired mementoes from her garden, woodland walks, and outdoor adventures with her family. Painting since childhood, she loves incorporating natural elements and light into her watercolor paintings. Her beautiful collections are created with a loose technique that allows the paint to do what it does best, flow and bloom and fade into other colors on the page.*
