casual coastal

Let's go to the seaside darlings!

Let's admit it. Life is busy and it isn't slowing down. We all need an escape and the coastal shores are calling. This look is breezy and easy. Pretty palettes in ocean blues, creams and pinks are dominating this trend. Look for abstract seascapes, botanicals and pretty loose florals to be on everyone's pick list.

full circle

Looking to add a calming presence to a space? Then you've come to the right place.

For the past year organic shapes and curved furniture have been top trends. In a departure from the sharp lines of mid mod design, rounded shapes captured the attention of design lovers around the world. Add that same softness and curve appeal to walls with art that features free form circular shapes and designs.

destination desert

Earthy tones. Nature inspiration. Warm and stylish interiors. These are what make the modern southwest trend so appealing. Desert style channels the vast canyons of Arizona to the arid landscapes of the Sonoran desert for a look that is all about keeping it simple, refined, and focused on nature.

3 new artists

KENT YOUNGSTROM

"As an artist I enjoy the struggle as much as the end product." Kent Youngstrom is an artist with a beautifully varied background from interior design to graphics. His art is a journey combining a touch of faith, sentimental imagery and, every once and a while, a laugh, so that the viewer can experience the same emotional passage.

CHERYL WARRICK

When the viewer engages with a Cheryl Warrick painting, they are seeing more than art. They are experiencing a journey of wisdom where the artist asks the viewer "to look deeper and find a meaning that uplifts the spirit and engages the mind." A mixed media artist, Cheryl is celebrated for her quilt-like paintings that incorporate symbols, archetypes and landscapes. A painter, printmaker and illustrator for over 20 years, her paintings are found in over 50 corporate and museum collections around the world.

KASIA KUCWAJ-TYBUR

Kasia Kucwaj-Tybur loves children's books, good coffee and Frank Sinatra. Her mission is to create artwork and designs for people who, like her, believe that their environment should be creative and inspiring. For as long as she can remember, Kasia has loved to draw, paint, and create new things. While earning her degree at the Academy of Fine Arts in Krakow, Poland, she discovered illustration and learned intaglio techniques. She uses all these techniques to create her beautiful and colorful collections. For Kasia, art is a journey. "I love getting up at dawn when the sun shyly comes into my studio, and I know that this is the moment when my ideas can come true. And the greatest satisfaction is when they come to life in art."
